- [Starlight Origin](#) Review

- A&B -

So, if you had to describe what Uttu and Starlight Origin are to someone who has never heard of

- UTTU -

UTTU is a ambient music ensemble from Finland; Starlight Origin is a album of UTTU in progressive / ambient
UTTU's Ambient music is inspired by Nature, Space and Fantasy.

- A&B -

What can you say about the making of “Starlight Origin”?

- UTTU -

Well, Starlight Origin is a studioalbum, a long period project.

Recorded between the years 2004-2006 at Uttu Music Studio.

Actually the studio was where I lived back then, on an island called Rymättylä in west coast of Finland. Pro

I was recording the album as my daily work. Sometimes all night long, when inspiration got me.

And then woke up the next day and continued working again.

I recorded the album in periods starting from April 2004 to September 2006.

Listening to your music I found out a lot of elements that remind me of Tangerine Dream and Kla

- UTTU -

Yeah, one other reviewer found also connection to Tangerine Dream.

- A&B -

Do you mind telling us something about the music that has influenced the making of this record

- UTTU -

I'm deeply influenced by celtic type of music. I also listen a lot of world music and ambient style music, and I naturally found my own way of composing.

- A&B -

The titles of the songs talk about nature and science.

- UTTU -

That's true. Those are the biggest sources of my inspiration when composing. And let me add Fantasy and A

- A&B -

Could you explain us what is the role that nature plays in the making of your music?

- UTTU -

Well, I think nature plays the main role.

Starlight Origin was recorded in natural surroundings on an island. I think, it can be heard in the music a

- A&B -

How much your Scandinavian origin influences your music ?

- UTTU -

More than I can imagine, I think. Somehow it gives a spice from the north to my music.

- A&B -

What about your song-writing? How do your songs come to life?

- UTTU -

I think of myself as more composer than lyric writer. For that reason my music is more instrumental. Making of a song is a long process, indeed. First melodies appear to my mind. Then the rhythms ...

I usually whistle or hum the tunes to my pocket-recorder. After this, I make raw compositions to my com

- A&B -

You have made this record by yourself, in your studio, in your house. It seems like you want to

- UTTU -

The Starlight Origin album is produced completely independent. For that there's many reasons. In Finland there are not many record labels for this kinda music. Also, when we started recording this a In the future, we are also looking for promotion contacts and distribution channels for Starlight Origin to

- A&B -

What do you think about the music business ? Do you think it is suffocating music ?

- UTTU -

I think the music business is changing all the time. There are many indie-labels producing good music to So, the music listeners make the change happen, with their choises.

- A&B -

Do you trust in internet as a way of musical delivery ?

- UTTU -

Internet is a good place for contacting interesting people. But if you ask me, I still like buying music on

- A&B -

Looking back in the past, is there a particular event that made you say "I'm going to be a musician

- UTTU -

Well, I've been envolved with music, videos and other arts since I was a little boy. I've always wanted to

- A&B -

What are your interests besides music ?

- UTTU -

Spiritual things and creating arts mostly.
I'm into photography and making videos.

- A&B -

Are you thinking about performing live Starlight Origin ?

- UTTU -

Actually some smaller promotional shows have been already performed live with Starlight Origin here
But maybe I'll fix some live events for the future.
I have few good ideas in my pocket. =)

- A&B -

What's in the future for you ?

- UTTU -

Promotions with Starlight Origin album continue
and getting contacted with interesting people worldwide.
We are also looking for interesting record labels for UTTU
as I told earlier, for further musical co-operation and global promotion. Starlight Origin is now published

- A&B -

Thank you very much, we are all looking forward to hear more music from you...
